

*Where language grows wings.*

# TATAR ALAN

July 6-16, 2026

## A 10-Day Immersive Tatar Educational Experience

Tatar Alan is a 10-day holistic learning and cultural experience, bringing together children, youth, and parents in a supportive community of Tatar peers.

Set in a beautiful château surrounded by nature, surrounded by mountains and forests, just 2 hours from Montreal, we create a temporary village where Tatar language and values are lived, not explained.

**For 10 intensive and joyful days, participants in each different group will take part in:**

Structured Tatar language classes (immersive, age-appropriate)

Sports, hiking and outdoor activities that strengthen teamwork and confidence

Interactive lectures and workshops on Tatar history and culture

Creative studios: music, theatre, handcrafts, performance

A trip to Quebec City / Granby zoo (for smaller kids)

## **Programs for Different Ages & Interests**

Tatar Alan offers parallel programs adapted to different life stages:

- Sabiyar (3-7 years old)
- Main Alan program (8-16 years old)
- Youth Team
- Parents Team

Each group follows an age-appropriate program while remaining part of one shared community.
